

F5a) This Form can only be submitted by CAB's accredited for ASC farm audits and CAB's which are in the accreditation process.

F5b) This form is to be submitted no less than five (5) working days of the action taken by the CAB.

F5c) One form per certificate needs to be submitted.

Cancelled and failed audit:

- An audit or certification process can be cancelled at any time, the decision for audit cancellation can either come from a CAB or from a client.
- A client can fail its audit because of many reasons, like not being able to close major NC's or being unable to comply with the standard. In both cases the CAB has to submit Form 5 to ASC for publication. In case of a failed audit the CAB shall submit the audit report to ASC, which is then published.

Cancellation, Suspension or Withdrawal of a certificate.

In cases where an audit led to one of the following decisions, the CAB shall submit the audit report to ASC, which is then published;

- Cancelled certificate: The certificate holder has decided to leave the program and cancel their certificate
- Suspended certificate: The CAB has temporarily suspended the farm certificate because of compliance or administrative reasons
- Withdrawn certificate: The CAB has ended a certificate indefinitely because of compliance or administrative reasons. To become certified again the farm has to undergo the initial audit process anew

NB: All fields are mandatory to fill out, incomplete forms are not accepted.

The original excel file and a PDF of the offline version of Form 5 needs to be submitted to ASC

All form 5 will be published on ASC's website.
